

Sample Goals

Knowledge & Education

- Learn about a box joint in woodworking.
- Learn how to adapt a pattern to my body type.
- Understand what fertilizer is needed for our crops.
- Learn the animal's job in nature, such as being a predator or prey in wildlife.
- Learn about mix-ins and different ratios for sourdough breads.
- See how different techniques affect the glaze on my ceramics.
- Understand how heat affects the production of tomato plants.
- Understand different body types and how to dress them.
- Will learn about different design elements and how to use them in interior design.
- Learn different stitching techniques for my fiber arts projects.

Personal Responsibility & Growth

- Pick my patterns this year.
- Plan the layout of the garden this year.
- Learn how to paint with oils.
- Learn how to adapt a recipe for gluten free.
- I will make my own plans for woodworking.

SMART Goals

Knowledge & Education

- I will learn how to create a **box joint in woodworking** and use the technique to complete **at least one project** this year.
- I will learn how to **adapt a clothing pattern to fit my body type** and use those adjustments to complete **at least one garment** this year.
- I will learn what **types and amounts of fertilizer are appropriate for the crops my family grows** and help to create a fertilization plan with my family this year for our farm.
- I will learn about the **roles animals play in nature, including predator and prey relationships**, and identify at least **5 examples** within a wildlife ecosystem.
- I will experiment with **different mix-ins and ingredient ratios in sourdough bread** and bake at least **3 loaves using different combinations** this year.
- I will experiment with **at least 3 glazing techniques** to see how they affect the final appearance of my ceramics and apply what I learn to a finished project.
- I will learn how **different temperatures affect tomato plant growth and production** and track temperature and plant production throughout the growing season.
- I will learn about **different body types and clothing styles that complement each type**, then apply what I learn when selecting or creating an outfit.
- I will learn about **at least 5 design elements** and demonstrate how to use them in an interior design project.
- I will learn and practice **at least 5 different stitching techniques** and use them in my fiber arts projects this year.

Personal Responsibility & Growth

- I will select and make **at least 2 sewing projects from patterns** this year, using the skills I learn to improve my construction techniques.
- I will **create a garden layout before planting** this year that identifies the location and spacing of the plants I plan to grow.
- I will **learn and practice at least 3 oil painting techniques** and complete **one finished oil painting** by the end of the year.
- I will **learn how to adapt recipes for gluten-free cooking** and successfully modify and prepare **at least 3 recipes** this year.
- I will **design and create my own woodworking plans for at least 2 projects** and use those plans to complete the projects this year.
