

Are you interested in becoming a Harvey County Master Gardener Volunteer?

Learn about soils, pest identification and control, vegetable gardening, fruit, lawn care, landscape design, plant material selection, flower gardening, indoor plant care and water gardening.

These classes are taught by K-State Research & Extension faculty and the County Extension Horticulture agents and other qualified experts.

Classes held on Thursdays beginning in
September and running through December.
Cost \$125

Enrollment deadline—September 1, 2022

**For more information contact:
Scott Eckert, Harvey County Horticulture Agent
